

NEWPORT-MESA AUDIOLOGY BALANCE AND EAR INSTITUTE

500 Old Newport Blvd., Ste 101, Newport Beach, CA 92663
777 Corporate Drive, Suite 130, Ladera Ranch, CA 92694
(949) 642-7935 • Fax (949) 642-2950 • www.dizziland.com

Dear Patient:

Thank you for your recent inquiry concerning our facility. We have enclosed a variety of materials to better familiarize you with our practice as well as information on the evaluation and treatment of Equilibrium Disorders.

The Institute is nationally recognized for its expertise and experience in helping patients who have often been told..."they couldn't be helped". Under the direction of Dr. Howard T. Mango, Au.D., Ph.D., a vestibular physiologist, patients are seen through self or physician referral.

Your appointment at the Institute will take place between 3 and 3-1/2 hours. There are no pins or needle sticks, actually nothing uncomfortable at all. Most patients remark how comfortable and easy everything is, thanks to space-age technology and a caring and compassionate staff of professionals.

Please call us at (949) 642-7935 to schedule an appointment, or if you should have any further questions.

Sincerely,

Newport-Mesa Audiology, Balance and Ear Institute

SPECIALIZING IN:

- Pediatric and Adult Hearing Loss • Vertigo and Balance Disorders • Fall Prevention • Balance Retraining • Vestibular Rehabilitation • Motion Sensitivity Rehabilitation • Digital Hearing Correction •
